Md Ashfaque

Kumta, Karnataka, India 581343 • +91 8971138435• ashfaquemamdu666@gmail.com

Frontend Developer with 2+ years of experience specializing in React.js and Next.js. Skilled in creating high-performance, responsive web applications and translating design mockups into interactive user interfaces. Proven ability to collaborate with cross-functional teams, mentor junior developers, and drive continuous improvement. Strong problem-solving skills and a passion for staying current with industry trends.

Experience

AUG 2023 – PRESENT
Frontend Developer | Pixelotech | Ahmedabad, India

- **Led front-end development projects,** overseeing the architecture and implementation of complex web applications.

- **Spearheaded cross-functional team collaboration,** transforming project requirements into high-quality deliverables.

- **Mentored junior developers,** ensuring adherence to best practices through regular code reviews and guidance.

- **Collaborated directly with stakeholders,** providing frequent updates and driving continuous improvement in project outcomes.

MAR 2023 – JUNE 2023
Frontend Developer | Wooshelf | Bhopal, India

- **Led a team of developers** in the successful development and launch of a complex web application using React.js and Next.js.

- **Mentored junior developers**, providing guidance on React.js and Next.js best practices, and enhancing their skills and productivity.

- **Collaborated closely with design** teams to translate mockups and wireframes into responsive, interactive user interfaces, ensuring pixel-perfect implementation and seamless user experiences.

MAR 2022 – SEP 2022
Frontend Developer | F22 Labs Global | Chennai, India

- **Converted Figma designs** into functional web applications as part of a collaborative team effort, ensuring design accuracy and responsiveness.

- **Collaborated with the backend team** to integrate APIs with the frontend, facilitating seamless data flow and functionality.

- **Worked closely with the QA team** to identify and resolve bugs, improving overall application quality and performance.
